

30 Years of Ideas, Engineers, and Innovations:

April 4th, 2021 marked an exciting milestone for HUESKER Inc. as the company celebrates its 30th anniversary. HUESKER Inc. is one of the leading manufacturers of geosynthetics in the North American market. Over the past 30 years, HUESKER Inc. has provided quality geotextiles along with innovative engineering solutions and excellent customer service. HUESKER's team of engineers and product managers have collaborated on projects such as Cruise Terminal 3 at Port Canaveral, Wilmington Harbor South Disposal Area, WBV-72 East-West Levee, and many more.

HUESKER Inc.'s Manufacturing Facility Located in Shelby, NC.

Starting with only three employees in 1991, HUESKER Inc. has now grown into one of the most recognized manufacturers in the industry. In 2004, HUESKER Inc. began its expansion by acquiring a manufacturing facility in Shelby, NC, specializing in advanced geocomposites for hydraulic and environmental applications. In 2016, HUESKER Inc. invested \$8.5 million to expand the existing manufacturing facility for production of high-strength geotextiles and geogrids. With a team of highly skilled and motivated employees, a solid base of loyal customers and a

distributor network stretched out across North America, HUESKER Inc. is proud to be a symbol of growth and innovation for the geotextile industry.

“This is a great achievement for not only HUESKER Inc. but also for HUESKER Group since this is the first subsidiary outside of Germany. HUESKER Inc.’s success reflects the growth of our entire group”, remarked HUESKER Inc. President and CEO, Flavio Montez.

Made in America

HUESKER Inc. is producing top-of-the-line geotextiles in America. The top products include Fortrac geogrids for walls and slopes, HaTelit asphalt reinforcement for interlayer systems, and Stablenka high strength geotextiles for embankments. HUESKER Inc. also offers products Made in America for applications including Earthworks and Foundations, Roads and Pavements, Environmental Engineering, Hydraulic Engineering, Mining as well as applications in Industry and Agriculture. HUESKER Inc. prides itself on providing excellent customer service, making sure to provide the right geotextiles for the right application at the right time.

HaTelit Asphalt Reinforcement, Made in America.

Using the same values instilled in the company 30 years ago, HUESKER Inc. looks forward to serving the engineering and geosynthetics industry for many years to come.
