Compliance Organisation

Reporting procedure

If an employee (both genders included, hereinafter referred to as he) is uncertain about how to conduct himself with regard to a certain procedure, he shall contact his manager. If this is necessary, the manager shall turn to the compliance board or to a member of the compliance board. If the employee has concerns regarding the superior's involvement, he shall turn directly to compliance board.

The board reports directly to management regarding all compliance matters and the Code of Conduct. What is more, the board also has access to the advisory board chairman of the HUESKER Group.

Compliance Trainings

Communication Trainings

To convey a clear code of behavior to our employees and, in particular, to avoid the occurrence of a conflict of interests in day-to-day work in the first place, we set great store by regular training and communication measures. In so doing, we respond to the individual requirements of the respective business divisions.
